About Harrow Hengqin

Harrow LiDe School Hengqin (referred to as Harrow Hengqin) is located in the Guangdong-Macao Deep Cooperation Zone. It is a boarding and day school that provides international bilingual education for K-12 students. As a high-end educational project introduced in the Guangdong-Macao Deep Cooperation Zone, we believe that Harrow Hengqin will contribute to improving the bilingual education level in Zhuhai and its surrounding areas, establishing a new benchmark for truly international bilingual education in the Greater Bay Area.

Inheriting the educational essence of Harrow School in the UK, with a history over 450 years, Harrow LiDe School offers students a unique bilingual learning environment. The school is situated in the Hengqin Innovation Park, covering an area of approximately 50,000 square meters, over 900 student places and 310 boarding places for students in Grades 2 to 12.

The planning and design of the campus are centered around the concepts of "being close to nature" and "people-oriented," with a particular emphasis on the development of outdoor interactive learning spaces. The layout is thoughtfully arranged to accommodate different functional areas, cleverly connecting them with green spaces. The aim is to provide Harrow students with a comfortable and dynamic growth experience that blends Eastern and Western influences. Immersed in this campus environment, students will be greatly encouraged to engage in outdoor activities and interactive communication.

Honorary scholarships (2026-2027)

This year we introduce honorary awards, where families may generously choose to place some or all of their awarded scholarship discount amount back into the scholarship fund, to allow more scholarships to be awarded. This decision is confidential, not public, and there is no difference in the name or honour of the award, which is made on merit by the scholarship panel. This is a tradition at Harrow and similar schools where there are funded scholars and honorary scholars, all of whom have the same status.

To know how many awards we can make, we need to know if you would like to do this: please indicate on the application form.

If any family would like to sponsor a named (or choose the name) of a scholarship at any level from 10% to 50%, please get in touch with the Head Master to discuss. This again is a Harrow tradition with some named scholarships awarded each year.
